Box Top Advertising

Hudsonville, MI

Ed

We have been so pleased with not only the response of the business community since we started working with you to design DJ's Pizza Box Top Advertising, but also with the tremendous response we receive from repeat business because of the offer that goes along with the puzzle. We see a great many of these come back in the door from repeat business each of the times we have done this project with you over the last couple of years.

We also had a good experience with the design team putting our ad together in a professional manner. We love the addition of putting the menu on the second side and the new glossy look.

We look forward to continuing to work with you on this project moving forward.

Best Regards,
